Creativity. Calm. Growth.

Meet Your Future Self — Reflection Page

Instructions:

Take a slow breath. Imagine a version of you one year from now — a little more confident, a little more grounded, and a little more at ease with who you are becoming.

Answer the questions below without overthinking. There are no perfect words, just honest ones.

PS. Write as if they are speaking directly to you.

1) What does your future self want you to know right now?

2) What have they learned about caring for themselves?

3) What is one thing they have gently let go of?

4) What is one thing they now make space for?

5) How do they speak to you when life feels difficult or overwhelming?

 *Each day, you are becoming the person you needed.*

5-MINUTE CALM

1. What is one thing I can release right now?

2. What is one thing I can give myself today?

3. What is one word that describes how I want to feel?
